INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The Pachamama Alliance
San Francisco, California

We have audited the accompanying financial statements of The Pachamama Alliance (a nonprofit organization), which comprise the statement of financial position as of December 31, 2014, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

THE PACHAMAMA ALLIANCE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE 1 ORGANIZATION

The Pachamama Alliance (The Alliance) is a California nonprofit public benefit corporation that was organized in 1997 to preserve the Earth's tropical rainforests by empowering the indigenous people who are its natural custodians and to contribute to the creation of a new global vision of equality and sustainability for all. The Alliance's main source of support is contributions, gifts and grants from foundations, corporations, and individuals.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation – The Alliance reports information regarding its financial position and activities on an accrual basis according to three classes of net assets: unrestricted, temporarily restricted, and permanently restricted.

Unrestricted Net Assets – Net assets that are not subject to donor-imposed restrictions. These also may be designated for specific purposes by action of the Board of Directors.

Temporarily Restricted Net Assets – Net assets that are subject to donor-imposed stipulations that may be fulfilled by actions of The Alliance to meet the stipulations or that become unrestricted at the date specified by the donor.

Permanently Restricted Net Assets – Net assets subject to donor-imposed stipulations that they be retained and invested permanently by The Alliance to use all or part of the investment return on these net assets for specified or unspecified purposes.

Net assets released from restriction – Temporarily restricted net assets are “released” to unrestricted net assets when the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed.

Other Basis of Presentation Policies – Revenues or support are reported as increases in unrestricted net assets unless subject to donor-imposed restrictions. If temporary restrictions are fulfilled in the same time period the revenue or support is received, The Alliance reports the revenue or support as unrestricted. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless restricted by explicit donor stipulation or by law.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Summarized Financial Information – The financial statements include certain prior year summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with accounting principles generally accepted in the United States of America. Accordingly such information should be read in conjunction with the Alliance financial statements issued by other auditors for the year ended December 31, 2013, from which the summarized information was derived.

Reclassifications – Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Cash and Cash Equivalents – The Alliance considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Concentrations of Credit Risk – The Alliance maintains cash balances at local financial institutions insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At times during the year, the Alliance held cash and cash equivalent balances in excess of federally insured limits. The amount in excess of the FDIC limit totaled \$128,850.

Donation Receivable - Receivables are stated at the amount management expects to collect from outstanding balances. Allowances for non-payment of receivables are provided based on management's estimates. Management believes receivables at December 31, 2014 will be fully collected. Accordingly, no allowance for doubtful receivables is recorded.

Investments – Investments consist of a social investment fund and are reported at their fair values in the statement of financial position. Note 4 provides further information about the fair value of investments. Unrealized gains and losses are included in the change in net assets. Investment income or loss (including gains and losses on investments, interest, and dividends) is included in the statement of activities as increases or decreases in unrestricted net assets unless the income or loss is restricted by donor or law.

Fair Value Measures -Financial Accounting Standards Board Statement No. 157, *Fair Value Measurements* (FASB Statement No. 157) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

THE PACHAMAMA ALLIANCE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

The hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (Level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example, a Level 3 fair value measurement may include inputs that are both observable (Levels 1 and 2) and unobservable (Level 3). The levels of the fair value hierarchy are as follows:

Level 1 – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.

Level 2 – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Property and equipment – The Alliance capitalizes all expenditures for property and equipment in excess of \$1,000. Property and equipment are stated at cost or, if donated, at fair value at date of donation. Depreciation is computed using the straight-line method over the estimated useful life of the asset.

Contributions – Contributions are considered to be available for unrestricted use unless specifically restricted by the donor. Amounts received that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily restricted or permanently restricted revenue, which increases those net asset classes.

Donated Services and Items – Individuals volunteer their time and perform a variety of tasks that assist The Alliance. The financial statements do not reflect the value of donated services and items because no reliable basis exists for determining an appropriate valuation.

THE PACHAMAMA ALLIANCE
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, continued

Income Taxes – The Alliance is exempt from Federal and State Income taxes under Internal Revenue Code Section 501(c)(3) and California Franchise Tax Board Code Section 23701d. Therefore, no provision for income taxes has been made in the accompanying financial statements. In addition, the Internal Revenue Service has determined The Alliance is not a “private foundation” within the meaning of Section 509(a) of the Internal Revenue Code.

Management of The Alliance considers the likelihood of changes by taxing authorities in its filed tax returns and recognizes a liability for or discloses potential significant changes if management believes it is more likely than not for a change to occur, including changes to The Alliance’s status as a not-for-profit entity. Management believes The Alliance met the requirements to maintain its tax-exempt status and has not income subject to unrelated business income tax; therefore no provision for income taxes has been provided in these financial statements. The Alliance’s tax returns for the past three years are subject to examination by tax authorities, and may change upon examination.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from these estimates.

Functional Allocation of Expenses - The costs of providing the various programs and other activities have been summarized on a functional basis in the Statement of Activity. Accordingly, certain costs have been allocated among the programs and supporting services.

NOTE 3 NOTE RECEIVABLE

The Alliance holds a convertible promissory note in the amount of \$50,000 originating July 2, 2012, and maturing July 2, 2015. Simple interest of six percent is due annually, on the unpaid principal sum.

NOTE 5 NOTES PAYABLE
